Fairy Village at The Brehon!

The fairies have made some beautiful handmade fairy homes and they have been installed in the garden of The Brehon Hotel, here in Killarney. Queen Kate decided a little while ago that she would bring some fairy magic to a hotel garden with one idea in mind - to spread fairy magic to all the people in Kerry and the surrounding counties as well as visitors from outside of Ireland.

Queen Kate was down visiting the Torc Waterfall in Killarney National Park at Easter when she received a distress call from the Valley to say that a family of hedgehogs were trapped on a hedgerow close to where she was. Needless to say she raced to where the family were stuck and as luck would have it she had arrived just in time! She managed to free the Mummy and Daddy hedgehog, whose paws were snagged on brambles just before sunrise and before the road got too busy. The three baby hedgehogs were so relieved!

They all sat and rested for a short time in a garden close by. While there, a coach arrived carrying people from another country. Queen Kate smiled when she heard all of the different accents. It is Queen Kate's biggest wish to spread the magic of her kind far and wide and it was seeing these happy smiley faces in Killarney that reminded her how much people from all over the world are fascinated by Irish Stories and Mythology.

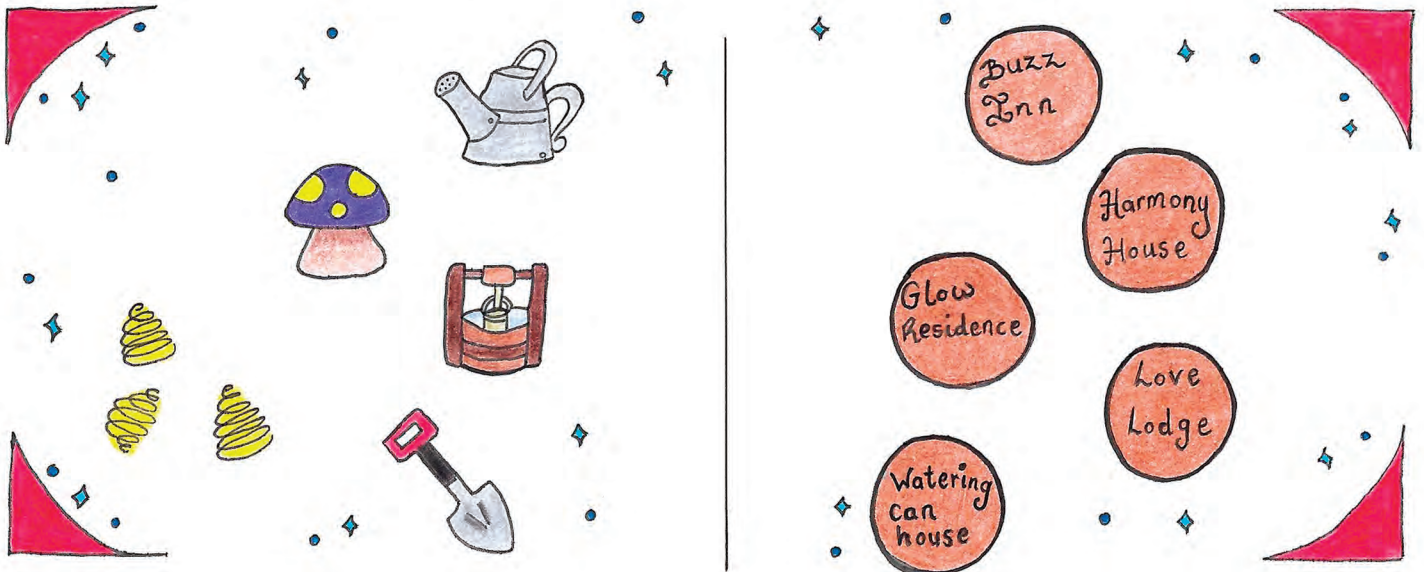

Soon afterwards, she had her plan approved by the International Fairy Council and the special group of fairies were chosen. They have now moved into their specially designed houses and are here to stay! They each have special talents which you can learn all about. Each home tells a little story about who is living there. In total there are fourteen fairies here in the village. The famous four fairy sisters have also moved in but have decided to remain in separate trees. Rumour has it that they get on better that way!!

In this fairy village we have Delia, Daniel, Honey, Violet, Vinney, Paddy, Iver, Lily, Shimmer and Sticks. Our four fairy sisters Marci, Mervel, Moonbeam and Missy each have their own trees.

Don't forget to take a moment to visit the Wishing Seat and make a wish or maybe give all of your worries away to the magical Worry Plaque...

Remember: the only way to truly connect with fairies is to believe in them. Have fun exploring and learning and don't forget to come back! All that is left to ask is 'Do you Believe?'

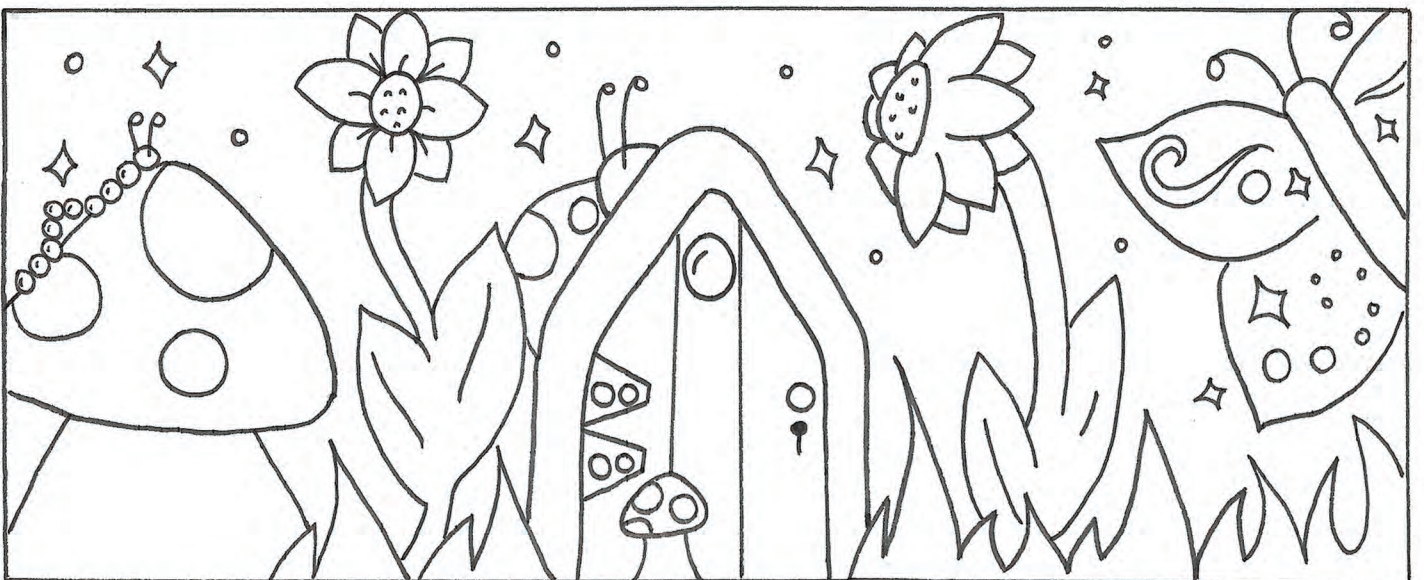

Now you have met our village residents why not try match up the houses below. What item can you see on the fairy houses? Match the house name on the right to the item on the left.
