# smart events

**CREATIVE CHALLENGE** is part quiz, part treasure hunt - and of course, part creative!

This is a tablet-based event that incorporates photo challenges, video challenges and hands-on tasks, sure to spice up any conference or company social event.

Expect laughter all the way as you race to find the answers, work with props and other teams to earn the highest score. Tasks are based on observation, problem-solving, general knowledge, actions, creativity and interaction with other teams all in the one venue.

## HOW DOES IT WORK?

Your event leader welcomes and briefs the group and then gives each team (typically 4 to 8 people) their tablet computer.

We will have placed intriguing images at key locations around your chosen event venue. Each image conceals a secret code word. Teams search for the correct image and, when found, input the discovered codeword into their tablet. A correct codeword opens up a new set of fun and interactive team challenges.

With rounds focused on Camera, Replication, Ireland, Random, Riddles, Music - you've plenty to keep you entertained throughout this 2 hour event.

Afterwards, we give you copies of the photos and videos the teams have taken as a memento of the day.

*Creative Challenge* works well at many different venues around the country. An ideal venue provides plenty of space for your group to move around freely.
